

S³ - Student Success Seminars

Come join our next set of sessions! Remember that each session will have follow up work to make sure you are practicing what has been taught. Credit is available by participating in the sessions and completing follow up work.

S³ Number 5 - Wednesday, May 17th from 12:00 - 2:00

The topics and trainers/teachers are as follows:

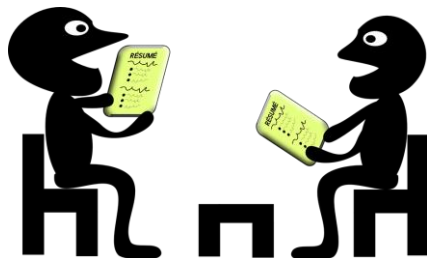

Countdown to Graduation - Mr. Resio

When would you like to graduate? In this session, we will look at how many credits you earned this year, how many you have left to complete, and calculate how long it will take before you cross the stage with your diploma in hand.

The Craft of Crochet - Ms. Howard

Do you want to find a way to relax after a long day? Do you like to make crafts? Well this is the class for you then! Learn how to relax with crocheting and create a unique piece of your own.

Interviewing with Confidence - Ms. Bucci

Do you want a job, but worry about being interviewed? This next seminar, presented by Laurie Rivetto of Michigan State University's Extension Service, will explore the do's and don'ts of an interview, and will GET YOU READY to make your next interview experience a success!

Mindfulness, Meditation, and Rebirth - Mrs. Hanchon

Do you need to relax? Join us for 20 minutes of meditation and gardening.

PBL - Cooperative Learning Project - Mrs. Koch

Ready, set, go! It's time for the fun part - prepping the area, collecting the materials, and building the gardens. Who's in?

All high school students are welcome!

Each 55 minute lesson will also have paperwork and activities to be completed over the next six weeks.

0.5 credits can be earned by attending four different sessions between at least two different seminar dates and completing the follow up activities.

No credit for just attending the workshops - but helpful information will still be presented.
